What should the professor definitely retain?

- Everything is just right.
- Mario is very kind and helpfull, i felt really welcome and he really inspired me in this way
- The professor is very clear and diligent, he is able to make even difficult topics clear to understand
- This course was really interesting and enriching. I enjoyed assisting to the lectures. I already had an interest in this but the subject now seems even more interesting. I am glad I got to know more about it. The course was complete, detailed, and concrete examples were given so it was made easier for students to understand.

  The professor should definitely be praised for the quality of the course and his interest in the students' success. Thank you for everything Mr. Lucas ! :D

What should the professor definitely change?

- Mario is very excited about china but be carefull with this and try to stay objective
- Maybe after each case study, it would be helpful to have the solutions written down so it could be easier for us to correct if we were wrong.
- Nothing
