SUMMER SCHOOL IN RIGA 2026

From Regulation to Innovation: Applying the European Accessibility Act (EAA 2025) to Business, Tourism, Law, and Media

Summer School focuses on the development of accessible services, including tourism, media and digital communication solutions, as well as their legal and entrepreneurial implementation under the European Accessibility Act (EAA 2025).

Online day - in June
29.06.2026 – 03.07.2026 in Riga

1 day online + 5 days on-site
3 ECTS

The main focus areas include:

- Legal interpretation and practical implementation of the European Accessibility Act (EAA 2025);
- Regulatory compliance and risk assessment in service design and digital environments;
- Accessibility in digital communication and service provision across sectors;
- Business model innovation and market positioning through accessibility integration.

The programme combines case-based learning, problem-based learning, interdisciplinary team projects and simulation exercises.
